FROM THE DESK OF GOVERNOR CHARLES WILSON

Kiwanis is a global organization of volunteers dedicated to improving the world one child and one community at a time, as stated in our defining statement. Our Motto is Serving the Children of the World.

The Montana District of Kiwanis encompasses Kiwanis Clubs in Montana and Salmon, Idaho. Kiwanis is all about Service – service to our local communities and internationally through Kiwanis International. Our local clubs look out for children in their communities and partner with Kiwanis International to address large-scale challenges since 1915. We successfully addressed IDD (Iodine Deficiency Disorder) and have now turned our attention to Eliminating Neo-Natal Tetanus (called the ELIMINATE project).

Kiwanis supports and sponsors the entire K-Family with targeted programs to develop leadership and give opportunities for service. K-Kids focuses on primary school-age children. Builders Club works with middle school youth, and Key Club offers leadership training and supports positive changes with high school youth. Circle K Club is a program for university students. Adults living with disabilities find a niche in our Aktion Club. BUG (Bring Up Grades) recognizes students who bring up their grades from one grading period to another, and for some is the only recognition they receive.

Kiwanis International has a Strategic Plan called the I-Plan (It has 4 “I” words), and the Montana District has adopted a Strategic Plan based on that format (see link).

My personal goals as Governor for the coming year 2018-2019 are:

- Strengthen Existing Clubs: Membership drives and service projects.
- Support Montana District Projects: Playground, CASA supplies, Key Leader, conventions.
- Support K-family Service and Leadership Clubs: BUG, Key Clubs, Builders Clubs, etc.
- Promote Interclub activities and socials among the K-family and Kiwanis clubs.
- Public Relations: Get the Kiwanis name out there associated with Service.
- Support Kiwanis Foundations: International, Montana, Outreach giving, and Club levels.
- Club Officers: Face to face and online training, Reporting, Youth Protection training, etc.
- Add one new Kiwanis Club and additional Key Clubs, Builders Clubs, Aktion Clubs, etc.
- BUG recognition to be offered to every school system where there is a Kiwanis Club.

As your Governor, and working with Past Governor Barbara, Governor Elect Jim, our Lieutenant Governors, and our committees, I want each and every one of us to have Fun, enjoy this year and invite others to share in the positive impact that Montana Kiwanis District members are doing.

I look forward to working with OUR team for the Children, thank you for your service.

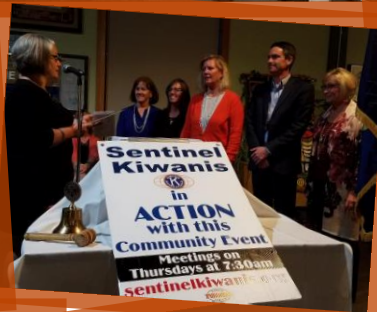

Working with you in Kiwanis

Governor Charles Wilson

2018-2019 Montana District of Kiwanis

GOVERNOR'S VISITS

FROM THE DESK OF GOVERNOR BARBARA MONACO

As my year as your Governor for the Montana District of Kiwanis draws to a close I reflect back on the amazing adventure I have had.

Vinny and I spent countless hours in the car and observed firsthand all the exceptional individuals in the District and the work that you are all accomplishing. You have put your time and talents to good use in your communities. Your clubs worked with the children in significant ways unique to your own communities' needs. As a result of your time and investment on behalf of Kiwanis, you enriched many youthful lives and created memorable Kiwanis moments.

Across the district each of you took on the challenge I set forth with membership growth. Our District has seen some of the largest growth in membership in years – a total of 7% increase. For this I shall be forever grateful.

I did my best this past year to put the name of Kiwanis out across the state.. My goals were to tell the story of the work and benefits of our Kiwanis organization and to meet every member of our Kiwanis family. Although I fell short of meeting with every group, I did my best to participate in as many events as possible.

With sincere appreciation I thank each and every one of you for entrusting me with the role of Governor for the Montana District of Kiwanis. I have received more from each of you than I could have dreamed. You have enriched my life and given me hope for the future that as long as there is a Kiwanis club in your community, the needs of the children and the community are being addressed.

Governor Barbara Monaco

2017-2018 Montana District of Kiwanis

My Selection for the
“EYE OF THE TIGER” Kiwanian, is:
Congratulations
Mary Brydich

During my term as Governor, in each issue of K-Span the Montana District of Kiwanis will select a member or members to be recognized for contributions within the District. I will make these selections based on

INSPIRATION, IMPACT, IMAGE, AND INVESTMENT IN KIWANIS

that the member has demonstrated. Montana Kiwanians may submit to me names of persons they would like to see honored. I have also requested each Lt. Governor to provide names of members in their monthly reports. I will be keeping my “Tiger Eyes” open to identify noteworthy members.

This final edition of the Eye of the Tiger showcases Mary Brydich. Without her, this District would not function.

Mary is a Distinguished Lt. Governor, Governor and current Secretary-Treasurer of the Montana District of Kiwanis. She is a member of the Belgrade Kiwanis club, where she is the club secretary, and a member of the Bozeman Kiwanis club, where she is currently the interim secretary. Mary is also a past president and secretary of the VFW Auxiliary Post 10,010 and a volunteer with the American Legion Post #14. REPORT FROM THE 98TH MONTANA DISTRICT CONVENTION

Dissolution and Redistribution of Clubs in Division 2:

At the August 16 district Board meeting, the board dissolved Division 2 and consolidated the Kiwanis Club of Shelby into Division 7 and the Kiwanis Club of Great Falls into Division 9 effective October 1, 2018. Currently Division 2 is comprised of two clubs totaling 29 members in the division. Since previously discussing this five years ago, only one club was built and that club closed the end of the first year. The savings to the district by eliminating District 2 is approximately \$2,000 per year.

Membership Drive:

Governor Designate Charles Wilson is encouraging a membership drive the months of October and November. The more members we have the more hands for service and helping the kids. There are advantages to bringing in new members the beginning of the year: (1) members become engaged throughout the year and (2) the club only pays \$70 new member add fee which takes that new member through 9/30/19. They do not have to pay the regular \$117 annual membership fee.

Club Liability Insurance

The club liability insurance policy covers property and those attending the event. It does not cover the Kiwanian. In your packets that the secretary will receive during the next few weeks, you have an opportunity to cover your members. The cost is very inexpensive (\$3 or \$4 per member depending on additional coverage). You can take this insurance payment from your Service Account, so you do not have to increase your dues or take this out of your Administrative Account. For clubs that have not registered their new officers by 9/30/18, these packets will go to the current secretary. Also this year's officers are listed in KI's printed directory as the 2018-19 officers. This directory was printed in August.

Club Email Address:

The board is encouraging clubs to establish a club email address. A club email address is often a wonderful way to disseminate Kiwanis information. If your club does have or if your club sets up a club email address, please email me the info.

With the new year ahead:

1. Have you conducted a Club Assessment to see how your club fares with your members?
2. Have you planned a membership drive?
3. Have you arranged a financial review of your Treasurers books so they are in order for next year?
4. Do you have a club brochure that you can hand out? I can provide samples of club brochures.
5. Do you have a New Member Orientation presentation? There is one on the website that you can tailor to your club. If you would like a copy, please let me know and I can email a template to you.

THIS IS WHY WE VOLUNTEER

THOMPSON PLAYGROUND BUILD

The Montana District of Playground built another of the signature playground projects. This one was at the Thompson Playground.

KIWANIS INTERNATIONAL PARTNERSHIPS

Kiwanis International has been establishing partnerships with entities who have a similar mission as ours, improving children's lives, or have services/products that will benefit our members (though member contact info is never given out to anyone and you can opt out of any communications). Another benefit of some of these partners is the financial benefit they bring to KI that helps reduce the need to reach out to the members for additional revenue (i.e. Dues). Not all partners are revenue producing partners though. Some are simply like-minded organizations that we partner with to enhance children's lives.

There are partners who can directly benefit your club financially and I'd like to point out a couple of them. The Kiwanis Warehouse (Dollar Days) has over 300,000 items at wholesale prices, and the shipping is always free, so you can purchase things for projects at a great discount making your money stretch much further. Next there's Office Depot who has a special discount program that allows you to purchase office items, computers, business machines and printing at a greatly reduced price. All you need to do is sign up under the Kiwanis website and start saving. Then there's Landscape Structures playground equipment

and Scholastic Books who help with playgrounds and reading projects.

We also have partnerships with Boys and Girls Clubs, Children's Miracle Network Hospitals, March of Dimes and Boy Scouts to name a few. These are great partners for us to serve children directly alongside of.

Member benefits include Hilton Hotels, Kiwanis Travel, Visa, Insurance, Home Protection, Travel Protection, etc. Whew!!! As you can see there's too many to enumerate here so please do yourself and your club a favor and check out the website.

Kids need Kiwanis. By combining resources and people power, you find new ways of reaching them. Check out the partners who help Kiwanis clubs change children's lives. And read about our partner-driven programs. See how partnerships make service easier, increase your club's purchasing power and even result in benefits and rewards for members.

JIM NOVAK – OCTOBER 21, 1942 TO AUGUST 28, 2018

The Montana District of Kiwanis would like to send its condolences to the Kiwanis Club of Anaconda on the passing of its incoming President, Jim Novak. DIVISION 9 BOULDER KIWANIS

BOULDER KIWANIS decided that after 35 years of doing concessions at the Jefferson County Fair that it was time to make a change. Proceeds were dwindling as more vendors were attending. The Boulder Chamber of Commerce asked Boulder Kiwanis to take over concessions for the annual car show and the two-day Boulder Music Festival. They made about \$300 at the car show but made over \$1700 at the music festival. It was a lot of work but they had the manpower to pull it off. Boulder Kiwanis wishes to thank the Boulder Area Chamber of Commerce for giving them this opportunity.

A couple of years ago **BOULDER KIWANIS** was given two adjoining city lots by a contractor who was quitting the business. This summer **BOULDER KIWANIS** was able to sell them and used the funds for a renewed scholarship program. Talk about a great fund raiser!
